## ***Monitors***

4 monitor (3 ways)

## ***Light***

- very well illuminated stage at all positions
- a light technician with the know-how of how to generate nice moods is of advantage
- Disco, Disco...!!

## ***Additional Info***

- upon arrival of the band the inhouse-technician needs to be on place
- 1 stagehand for the load-in /-out, 1 for the setup
- at least 45 minutes for the setup / linecheck
- powerful, professional grade PA with a lot of headroom. No budget or self-made PA's, please.
- at least 450-W Bass / 300-W MidHi per 100 persons capacity
- 100 dB(A) @ FOH
- stage size not less than 4,00 m x 3,00 m (if not possible please contact us)
- 3 x CH-adapter plugs
- enough, good quality XLR cables
- a drum-riser for Drums if the stage size allows it
- active DI's

## ***Travelparty***

- 3 - 4 pax; 1 parking spots necessary

## ***Catering/Backstage***

- we'd love to take in a warm meal 2 hour before the gig
- no fast food, no vouchers, no fish/seafood - everything else is fine
- we'd like to try your wine, a local beer and water to the meal
- we feel super welcome if you provide some snacks in the backstage upon our arrival (bread, dry meat, cheese, seasonal fruit and vegetables), and if our fridge is stocked with water, beer, alcoholfree beer, ginger beer, ginger and fresh lemon and there's a **possibility to make tea** and coffee
- items we also need in the backstage: a mirror, 3 towels for the stage, Wifi password upon arrival, enough wall plugs to charge our devices

## BACKLINE

One guitar Amp (professional, Fender if possible)

One profesional drumset (no jazz drumset)
